Class Descriptions

Mind and Body

Barre Conditioning is a full body workout that fuses the best elements of ballet, Pilates, sports conditioning, and stretching for a truly unique and fun experience. The moves are low impact but high intensity intervals of strength training followed immediately by deep recovery stretching. This regimented routine will evenly sculpt and quickly transform the entire body, resulting in a toned, trim physique.

Foam Roll & Stretch is a great way to learn how to perform self-myofascial release of trigger points in the muscles. Trigger points are sore spots that form within muscles or tendons. Foam rolling is a way of massaging away muscle soreness in trigger points, and preparing your muscles for deeper stretching.

Pilates–Mat is a system of controlled exercises that engages the mind and conditions the whole body. The blend of strength and flexibility training improves posture, reduces stress and creates long, lean muscles without bulking up. Pilates takes a balanced approach so that no muscle group is overworked and the body moves as an efficient, holistic system in sport and daily activity. This class will be performed mostly on an exercise mat.

PIYO is a **Pilates** and **Yoga** inspired athletic workout that includes flexibility and strength training, conditioning and cardio movement to keep the heart rate up and the body burning fat. Yoga mat required (we have limited available); also bring a towel and plenty of water!

SilverSneakers Yoga will move your whole body through a complete series of seated and standing yoga poses. Chair support is offered to safely perform a variety of seated and standing postures designed to increase flexibility, balance and range of movement. Restorative breathing exercises and final relaxation will promote stress reduction and mental clarity.

Tai Chi is an ancient Chinese tradition that, today, is practiced as a graceful form of exercise. It involves a series of movements performed in a slow, focused manner and accompanied by deep breathing. Tai chi, also called tai chi chuan, is a noncompetitive, self-paced system of gentle physical exercise and stretching. Each posture flows into the next without pause, ensuring that your body is in constant motion. This is a great way to relax and be present for the weekend!

Yoga for Vets This class is shared with some Yoga Relaxation classes. All Maricopa Veterans are free to attend this class!

Yoga Power Flow Vigorous fitness-based yoga class with more challenging asanas (poses) sequenced to focus on strength and flexibility. All fitness and experience levels welcome and encouraged!

Yoga Vinyasa Flow This form of yoga is a “breath-synchronized with movement” class using traditional asanas (poses) to increase stamina, build strength, and improve flexibility. All fitness and experience levels from first timers to advanced yogis are welcome!

Yoga (LIVE) Relaxation Leave your stress and worries on the yoga mat and relax your mind and muscles with this calming yoga class. (LIVE) If available Live music will be playing for this class.

Yoga Strength Yoga Strength, an all levels class, uses poses to help you tone and sculpt every major muscle group. As well as using your own body weight, you'll use free weights to create resistance and intensify each pose. This upbeat, creative yoga practice seamlessly links breath, movement and resistance in order to increase your stamina, build your confidence, and empower you with the strength to face anything.

ZUMBA® A Latin-inspired, dance-fitness class that incorporates Latin dance movements. This class format combines fast and slow rhythms that tone and sculpt the body.

ZUMBA TONING® Combines targeted body-sculpting exercises and high-energy Latin-infused Zumba moves to create a calorie-torching, strength-training class.
